PROFESSIONAL EXPERIENCE

Senior Associate Analyst — Tech Mahindra
Mar 2023 – Jun 2026

- Reviewed approximately 200 medical-record retrieval requests daily, validating pre-entered information, recipient details, delivery methods, and supporting documentation against client requirements and SOPs.
- Verified requester credentials, authorization requirements, and documentation completeness; identified discrepancies and routed exceptions to quality-control, billing, dispatch, archiving, or digital-delivery teams as applicable.
- Reviewed existing audit checklists, discussed incomplete guidance with teammates, and created a practical personal checklist shared with colleagues.
- Conducted root-cause analysis of recurring errors and contributed findings to team reviews; provided informal process guidance to colleagues working on improvement plans.
- Maintained personal audit compliance above 95% and an error rate below 5% while meeting SLA/KPI and productivity requirements.
- Used client internal systems, cloud-storage tools, and Excel-based reporting to track, categorise, and analyse process trends.

Senior E-Support Officer — 24-7 Intouch India Pvt Ltd
Mar 2022 – Nov 2022

- Resolved customer queries related to mobile devices, tablets, smartwatches, and accessories through online support channels.
- Achieved 80% first-contact resolution, customer satisfaction above 90%, and average handling time below 18 minutes.

- Managed escalations and supported peers in resolving complex customer concerns.

Claims Associate — Artech Infosystems Pvt Ltd
Jul 2021 – Feb 2022

- Reviewed and updated member eligibility, coverage, and account information in internal healthcare systems.
- Processed client-requested enrollments, renewals, upgrades, downgrades, plan movements, and dependent or personal-information updates.
- Verified required details before saving changes; handled approximately 25–35 accounts daily, depending on account complexity and verification requirements.
- Identified discrepancies and escalated or corrected issues as required; supported new team members with workflow and quality expectations.

Process Consultant — Hinduja Global Solutions
Sep 2018 – Apr 2020

- Sorted and classified bulk invoice and expense documents, routing them to the appropriate verification stage.
- Reviewed invoices, purchase orders, reimbursement claims, and travel, hotel, food, and utility bills.
- Cross-checked vendor details against existing records and created new vendor records when no matching information was available.
- Entered verified vendor and document information into client software, converting physical or scanned documents into digital records for downstream processing.
