PROFESSIONAL EXPERIENCE

Senior Associate Analyst — Tech Mahindra
Mar 2023 – Jun 2026

- Reviewed approximately **200 medical record retrieval requests per day**, with daily targets varying according to volume and case complexity.
- Reviewed medical record retrieval requests to ensure compliance with client requirements, HIPAA regulations, and established SOPs.
- Verified requester credentials, documentation completeness, and authorization requirements before processing protected health information requests.
- Performed detailed quality reviews and identified discrepancies requiring escalation, clarification, or corrective action.
- Consistently maintained project quality standards exceeding **95% audit compliance** while supporting SLA and KPI objectives.
- Developed and utilized audit checklists to improve review consistency, process adherence, and quality control.
- Conducted root cause analysis of recurring quality issues and shared findings to support process improvement initiatives.
- Mentored team members on process requirements, compliance guidelines, audit standards, and quality best practices.

Senior E-Support Officer — 24-7 Intouch India Pvt Ltd
Mar 2022 – Nov 2022

- Resolved customer queries related to mobile devices, tablets, smartwatches, and accessories through online support channels.

- Achieved approximately **80% first-contact resolution** while maintaining customer satisfaction scores above 90%.
- Maintained average handling time below 18 minutes while adhering to service quality and SLA requirements.
- Assisted with escalations and supported peers in resolving complex customer concerns.

Claims Associate — Artech Infosystems Pvt Ltd
Jul 2021 – Feb 2022

- Reviewed member eligibility information and processed healthcare plan updates while ensuring data accuracy and compliance with established guidelines.
- Performed validation checks before processing account modifications, coverage changes, dependent additions/removals, and personal information updates.
- Supported **eligibility, coverage, and claims-related processing activities** by identifying discrepancies and maintaining adherence to operational standards.
- Assisted new team members in understanding workflow requirements, quality expectations, and process guidelines.

Process Consultant — Hinduja Global Solutions
Sep 2018 – Apr 2020

- Reviewed and categorized high-volume documentation according to SOP requirements to ensure accurate downstream processing.
- Validated vendor and client invoice information, including invoice numbers, dates, and supporting documentation.
- Processed invoice and expense documentation while consistently meeting productivity and quality targets.
- Recognized with the **Star Performer Badge** for exceeding productivity and quality benchmarks.
